Dear Parents/Carers

## **RE: Year 11 Progress Data**

Progress reports for your son/daughter will be published on Go 4 Schools this week; you will receive an email notification when they are available. There has been some improvement in grades from December though we expect to see considerable further progress in the coming months as subjects finish teaching their content and move on to revision.

Students are working positively at school and I have been impressed with their focus. There are lots of additional intervention sessions taking place after school and attendance at these has been very good. With the second set of mock exams taking place after the half term break this is the ideal opportunity for students to get themselves organised with their revision timetables and to establish routines for their independent learning at home.

We are very aware that this can be a very stressful time for young people and I wanted to remind you, and them, of the support that we have at school both academically and pastorally. We are extremely lucky to have very approachable teachers and tutors who not only run intervention but are always willing to support on a one-to-one basis as required. In addition we have very strong teams who can help students manage stress and workload so please do contact subject teachers and Mr Trusler if your son/daughter needs additional individual guidance. However, for the majority of students who have always been committed to their learning, my message is simply to continue to work hard and to be confident in their ability and understanding, well done.

As we come towards the end of this half term can I thank you for the support that you have always provided to the school. Finally, as ever, do not hesitate to contact us if there is anything more that we can do to support you and your families.

Yours sincerely

Iain Massey  
Headteacher
